

PRODUCT DATA SHEET

DECAPTOUT

DECAPTOUT is a PVC Vinyl removal agent. It acts by softening old adhesives allowing you to remove them with ease.

COMPOSITION:

- Tetrahydrofurane.

CHARACTERISTICS:

- Green liquid.

USER'S GUIDE:

- Always try on test surface if you are not sure of the interaction between the surface and the removal agent.
- Use at room temperature.
- Use within well ventilated area.
- Consult the technical security sheet.
- Use gloves, goggles and a mask.
- Do not discard via sink into common waterways.

STORAGE:

- Keep container closed in a cool and ventilated environment away from heat sources and sparks. Do not smoke.
- Shelf life: 1 year if kept unopened in the original container.

Note:

Because of the great variety of substrates and possible application methods the installer must examine the suitability of the media for each application. The methods of measuring for the standards quoted above are the basis for the development of our own measuring methods which are available on request (partial application). You are invited to enquire for the latest instructions in force. All published data are based on measurements carried out regularly under laboratory conditions. They do, however, not constitute a warranty, representation or promise, express or implied as to the condition, quality, merchantability, fitness for a product, or that such product will satisfy any requirement for a specific property or capacity or special methods, all such warranties being hereby expressly disclaimed. The seller assumes no liability for claims beyond the replacement value of any product proven to be defective in material or workmanship and is in no way liable for direct, indirect, special, incidental damages or consequential loss including without limitation lost profits or loss of use, whether based on contract, tort or any other legal theory. Product specifications may change without prior notice. Our website is automatically updated: www.hexis-graphics.com.
