

## TECHNICAL DATA SHEET - SURFACE CLEANER FINAL CLEANER – LIQUID No.3

Surface cleaning and degreasing finishing agent for substrates such as car bodies, metal, plastic, paints, glass, Plexiglass... Eliminates traces of grease, adhesive... Dries quickly and does not leave any traces on the substrate. Intended for final cleaning during the preparation process of a full vehicle wrap.

### **COMPOSITION:**

- Water-based
- Without surfactants

### **LIQUID FEATURES:**

- Green liquid

### **USER'S INSTRUCTIONS:**

- This liquid enables a final cleaning and degreasing right before the film's application. In particular, it eliminates traces and residues of more powerful cleaners used previously (such as HEXIS REMOVER or PRE CLEANER).
- Spray onto the surface to be cleaned.
- Wipe dry with a clean and dry microfibre cloth.

**Caution:** *This cloth should exclusively be used for cleaning purposes with the product no.3.*

- In the case of adhesive traces or stubborn soiling, carry out a pre-treatment using the HEXIS REMOVER, before using the FINAL CLEANER.

### **STORAGE:**

- Keep the FINALCLEANER tightly closed in its original container, in a properly ventilated area. Keep it away from flames or sparks and do not smoke.

*The safety data sheet is available on request.*

- Shelf life: 1 year if it is stored in its unopened original container.

### **NOTES:**

Because of the great variety of substrates and the growing number of new applications, the installer must check the suitability of the media for each application. All information released originates from laboratory measurements on a regular basis. However, it does not constitute a binding warranty. The seller is not held accountable for indirectly related damages beyond the replacement value of the purchased product. All specifications are subject to potential changes without prior notice. Updates of our specifications are automatically available on our website at [www.hexis-graphics.com](http://www.hexis-graphics.com).
