Carrying bag

**Weight** (excluding graphic): **0,980 kg**

# PREMIO and PREMIO XL

## ASSEMBLY

1

Unpack the graphics rack from the carrying bag.

2

Unfold the fiber rods with the longest metal part and snap them into the central hub. Insert the retractable central rod into the hub. Put the three rods on the ground.

3

Adjust the height of the central rod to set the rack's angle. Lock the rod using the screw provided. Unfold and snap the last 2 fiber rods into the central hub.

4

Attach the graphic to the rack's hooks using the eyelets.

5

The rack and the graphic are then assembled.
